a) Payrun ID XXX already proces**sle**d o p 175.801 reu175.801 re W re W re W re W re

Page Changes	
Update Non Personal Services	The Update NonPersonal Services page was modified so that new ORG budgets now reflect project IDs where applicable. Previously, project IDs were not populated on new ORG budget line
eProcurement (ePro)	
Reports/Queries	
BOR_REQ_PENDING_APPROVERS Query	Reporting Tools > Query Manager > Query Manager (or Query Viewer)
	The BOR_REQ_PENDING_APPROVERS query h been modified to ensurthat the Comments field contains accurate data. Additionally, a table change was made, redundant fields were removed, and a column was renamed in order to provide more concise query results.

Budget Transaction Detail (GLS8005)	Planned Ledger. The additional column caused data to wap on the report when numerous ChartField criteria were selected. To correct this problem, the Budget Status Reponses been converted back to previous version of the SQR which doesnot include the new column. Commitment Control > Budget Reports > Budge
	Transaction Detail Oracle released a new version of the Budget Transacton Detail Report that included a column for the Planned Ledger. The additional column caused the data to wrap on the report when numerous ChartField criteria were selected. To correct this problem, the Budget Transaction DetailReport has been converted back to the previous version of the SQR, which does not
Grant Budget Activity Report (BORRG046)	include the new column. BOR Menus > BOR General Ledger > BOR GL Reports > Grant Budget Activity Report Three changes have been made to the Grant
	<ol> <li>Budget Activity Report:</li> <li>Updated the prior year budget reference section to include DETAIL_EX activity for budgetary accounts only.</li> </ol>
	<ol> <li>Updated report to discontinue pulling activity with a blank budget reference.</li> </ol>
	<ol> <li>Added a new message to the process monitor to notify users if the</li> </ol>

This false variance only occurred when a PO was budget checked successfully and therbuedget checked and received a budget error.

	The app engine BOR_CR_ORETA has been modified to default the Accounting Date to be equal to the Check Date of the Payrun ID selected for processing. The Calendar Year, Month, Fiscal Year and Period are populated based on the Accounting Date.	
	Prior to modification, the Accounting Date had to be entered manually.	
BOR_CR_EXT	BOR Menus > BOR Payroll > Common Remitte Retirement > Retirement Processes > RET Provider Final Extract ERS	
	The ERS Final Extract process has been modified include hours worked for Georgiætined Contribution Plan (GDCP) members.	
	Effective January 2017, ERS requires reporting hours worked for GDCP members in the ERSGA Monthly Contribution File.
